## A Message From The The Superintendent

AISL Parent Community,

We have now installed a new security system at our control entrance gate, however because we started a new program we can not transfer the data from the old system to the new. I am asking all parents and others who have issued badges to stop by the office and have your old card activated into the new system. The old cards carry a magnetic code that needs to be recognized by the new system. Just a few minutes to swipe your card and you can be on your way. If you do not have a card this is the opportunity to get a new one.

We will have one of our employees available throughout the week at the tables located near the main office. Please stop by and activate your cards.

The control gate will be used effective Tuesday, Oct. 2nd.

Don't forget Monday, October 1st is a National Holiday and there will be no school. Have a great weekend!

Thomas P. Shearer

## My Travels

### **“More Bang for the Buck! Egypt and England in One Go.”**

So you want to meet the Pharaoh or the Queen of England or how about both? The idea of visiting two major destinations in one airline ticket and in one holiday sounds like a dream, but it is not a dream. It is a reality.

The two destinations I speak of are Egypt and England. You can fly Egypt Air for as low as \$879 + taxes on economy during peak season if you book far in advance. This fare will allow you a stopover in Cairo and onwards to London...so what seemed as a remote possibility is now a possibility. Egypt is one of the major tourist destinations of Africa and England is of Europe.

Egypt with its history of a millennia and great heritage from the Ancient World offers so much to the senses. Not only is Egypt a classroom without the walls, but an incredible place of culture! Egypt also offers nature and desert treks, great scuba diving and even golf, fishing and birding expeditions. One may choose to relax on the wondrous Egypt Red Sea or Sinai coasts, take in the high culture of Cairo, or even leisurely float down the Egyptian Nile on a luxurious river boat. There are no limitations. Furthermore, the hotels are decently priced. With rates starting at \$100 a night at a four-star, what more could one ask for?

England, is also home to a rich history also. And no, it is not always raining! A mosaic of cultures and places to visit... no wonder it is simply “Unforgettable Britain”. In recent years, Great Britain had received a bad rap for its cuisine, but no longer is this true.

The sixty million people that live in England come from all walks of life to form a truly international country. Also, for those of us that need some retail therapy, there is no end. Within the city of London alone, there is so much to see and do not to mention the beautiful green country side. Why skip an opportunity which allows us all this and more.

One should consider this a two-for-one idea. I am in the process of a planning this particular holiday for a family for Christmas. I am so excited about it that I decided to write the article featuring this holiday. You can bet that I will go to meet the Pharaoh and the Queen. My question is, will you?

Also, remember that just because it's raining practice may not be automatically cancelled. Your Coach may want to use the time to discuss tactics and playing methods. He may even have you do a few calisthenics indoors.

Please note that our Superintendent, Mr. Tom Shear, has arranged for the **school swimming pool** to be **open on Saturdays for free swim**. He has a lifeguard on duty for your safety. It might be a good way to cool off after your game. Bring your whole family and enjoy!!

Please note **Division F will be playing their games today starting at 4:30 PM**. This only affects four teams, Germany, Holland, Brazil and Argentina.
